

23 March 2018

The screenshot shows the HerdMaster software interface. The top menu bar includes File, Data Entry, View/Edit, Animals, Contacts, Reports, NLIS, Setup, Utilities, Visual Farm, View, Windows, and Help. Below the menu is a toolbar with various icons. The main window is titled 'ANIMAL DETAILS' and displays information for a Brahman cow. The 'Active' checkbox is checked. The animal tag is 737. The sire is SKYP and the dam is E37. The sex is FEMALE and the current age is 7 years 0 months. A photograph of the cow is shown on the right. The bottom of the interface has a navigation bar with tabs for Overview, Additional, Weights, Movements, Traits, Treatments, PregTests, Matings, Progeny, Embryos, Pedigree, Sales & Purchases, Diary, Pictures, Worksheets, and Documents.
